## FOOTBALL COACH TROY EVERHART

Like a new sheriff in town, Coach Everhart has arrived with a purpose... make the Middies the best they can be...State Champs!

He comes with discipline (which is not the same as punishment) and a personal commitment to see his players not only win games, but be good citizens and receive all the college scholarship help he can muster.

He expects his players to develop many different skills by playing other sports and being good students. "All my guys run track."

His daytime position, working with students and teachers to reduce truancy, also allows him to keep an eye on his players.

While Coach Everhart runs a tight ship, he expects the parents to help. "More games are won or lost at the dinner table than on the field."

We will also see the Coach in the community, meeting folks, sharing his philosophy and bringing his players to do some public service projects. Welcome to Middieland!

**Joe Davis,** 5'10", 250 pound center from MHS's GMC Championship football team has committed to attend Heidelberg College next fall.

Congratulations, Joe!
